

go from submitted to paid, faster.

Expedite appeals and lower cost to collect with rich claim details integrated directly into your EHR.

The sooner you know a claim is denied, the sooner you can appeal it — but frequent, manual claim status inquiries are tedious and costly. Janus Health **Enriched Claim Status** automates the claim status process, saving staff hours of unnecessary follow-up and accelerating cash flow.

Automate manual workflows

Enriched Claim Status tracks the progress of claims until they're finalized — paid, denied, or rejected — and delivers comprehensive claim status details back to your EHR.

Boost Efficiency

Increase staff capacity by working only the claims that require intervention, reducing your cost to collect.

Accelerate Payment

Status claims as frequently as needed without wasting precious staff time sitting on hold with payers or refreshing portal screens.

Fast-Forward Follow-Up

Janus Health **Teleport** expedites the login and navigation of payer portals, taking staff straight to rejected or denied claims.

Key features

Automate claim **status** and return final results to your EHR.

Stay in your **preferred workflows** with seamless EHR integration.

Use Enriched Claim Status in both **hospital and professional billing** workflows.

Status claims for **~80%** of your payer mix.

40% reduction
in manual statusing*

Thousands of hours
saved annually*

12% more
account capacity*
