

fast-forward your claims follow-up.

Unlock efficiency, elevate employee satisfaction with Janus Health Teleport for claims.

AR teams spend precious minutes each day logging into and navigating payer portals to work and status claims. **Teleport**, our groundbreaking payer portal navigation solution, automates this process, saving users up to 90 seconds per transaction.

Save time for meaningful work

Teleport securely leverages a user's payer website credentials to automate the manual workflow required to take them from an account or claim information page in the EHR to the detailed claim page within a payer portal.

Drive Efficiency

Reduce manual claim search time by 60-90 seconds, enabling your teams to focus on higher value work that directly impacts your bottom line.

Boost Team Engagement

Eliminate tedious portal navigation steps for your staff, alleviating frustration and enhancing team satisfaction.

Simplify Processes

Seamlessly launch Teleport with one click from your EHR, streamlining tasks and reducing error risk from manual data entry.

Key features

Automate tedious portal navigation to the point where human decision is needed.

Quickly log in and navigate to **over 75 portals and payers**, with new payers being added regularly.

Onboard and **start saving time in weeks**, not months.

Use Teleport in **both hospital and professional** billing workflows.

Rest easy with **secure**, locally stored user credentials.
